On October 1, 2018, your new AHCCCS Complete Care (ACC) health plan will be UnitedHealthcare Community Plan.

NOTICE:

Your current health plan will no longer be an AHCCCS health plan in your area after 9/30/2018. Starting October 1, 2018, UnitedHealthcare Community Plan will be your new ACC plan. UnitedHealthcare Community Plan will be providing both your AHCCCS medical and behavioral health care services.

This change is so all of your medical and behavioral health care needs are provided by one health plan. You can check to see if your providers are in the network of your new ACC plan, or other ACC plans in your area. The health plan networks can be found at the websites listed below.

You have the option to change ACC plans.

WHAT TO DO:

- To stay with UnitedHealthcare Community Plan starting October 1, 2018, **you do not need to do anything.**
- If you would like to change your ACC plan to one of the plans listed below you need to let AHCCCS know between July 1 and July 31, 2018. If you change plans, you will be enrolled with the new ACC plan beginning October 1, 2018 for both medical and behavioral health care services.

How to Change Health Plans

If you want to change health plans, let AHCCCS know between July 1 and July 31, 2018 by logging into the member portal. The secure member portal is available 24 hours per day and can be found at this link: <https://accchoiceplanchange.azahcccs.gov>

To make a change in the member portal you will need to enter your member AHCCCS ID and date of birth. If you are having problems accessing the member portal or do not have access to the internet please call Health-e-Arizona Plus Customer Support Center (Monday – Friday, 8:00 a.m. – 5:00 p.m.) at 1-833-810-4200.

Additional information about the ACC plans available in your area can be found on the health plan's website or by calling the health plan phone number listed below:

American Indian Members:

American Indian members can choose to receive all medical and behavioral health care services through the American Indian Health Program (AIHP) at any time. Members enrolled with AIHP for medical health care may also choose to receive their behavioral health care services through an available Tribal Regional Behavioral Health Authority (TRBHA). American Indian members are always able to receive medical and behavioral health care services from any Indian Health Service provider or tribally owned and/or operated health facilities at any time whether enrolled in a health plan or AIHP.

MEDICARE:

UnitedHealthcare Community Plan also offers a Medicare plan, UnitedHealthcare Dual Complete. You will need to call UnitedHealthcare Community Plan to enroll in their Medicare plan, if you are not already enrolled. If you have Medicare Part A and B, UnitedHealthcare Dual Complete will be able to coordinate your behavioral health, medical health and prescription drugs. This will make it easier for you to get both your AHCCCS and your Medicare services.
